THE TECH SESSION WILL START AROUND 1:00

Accutrack is off of Sepulveda Blvd. between Artesia Blvd and Manhattan Beach Blvd Go east on 6th street, second driveway on the left.

"YOUR TECH SESSION"

This Tech Session is for you, the PCA member. Obviously if you're a member of the PCA, you have more of a passion for Porsche's than the average Porsche owner. With this in mind, you enjoy learning details regarding the car. Also, the more knowledge you have, the better decisions you will make when it pertains to service, repair and modifications. This tech session will have Technicians from 3 different shops. With this, you will have the potential to get some of the best input out there regarding you're Porsche. The goal of this tech session is to give you a basic education of what issues may come up with you're Porsche. We will address some of the basic problems we have exampled in all our years working with these vehicles and how to correctly maintain you're Porsche. After this, we will take questions and do our best to give you answers that you will understand....not answers with terminology that only a Porsche Techniician would understand. Once again, this is "Your Tech Session".We will have technicians from Arredondo Motorsports, Auto Werkstatt and Accutrack.

Art is the crew chief for this Werks 2 Motorsport race car
